Arbonne International**

To Whom it May Concern,

I got involved with Arbonne International 3 months ago. This Co. has forever changed my life, and the life of my families. It has given me the freedom to stay at home with my children ages 10years and 17months. It has also changed my life in a way that would be hard for me to explain in a short letter. But, I am more self confident, and have a much brighter out look on the future and the world in general.

I truely believe that if this bill is passed, you will be doing more harm than good. You will be greatly affecting the lives of hundreds of thousands of people. And millions in the future that see the vision that NWM has to offer.

I am writting to say that I am GREATLY opposed to this bill. I think it would be detremental to my family, and many many other families that see NWM as a big part of the AMERICAN DREAM.

**Sincerely,
Lynnita Breneman**
